

Software Engineering 2

Workshop - 2
Part - 2

Arnold Oswaldo Acosta Ortega
Omar Alejandro Salazar Carvajal
Juan David Peña Lozada
Luis Rodrigo Rivera Rivera
Nicolas David Moreno Villanueva

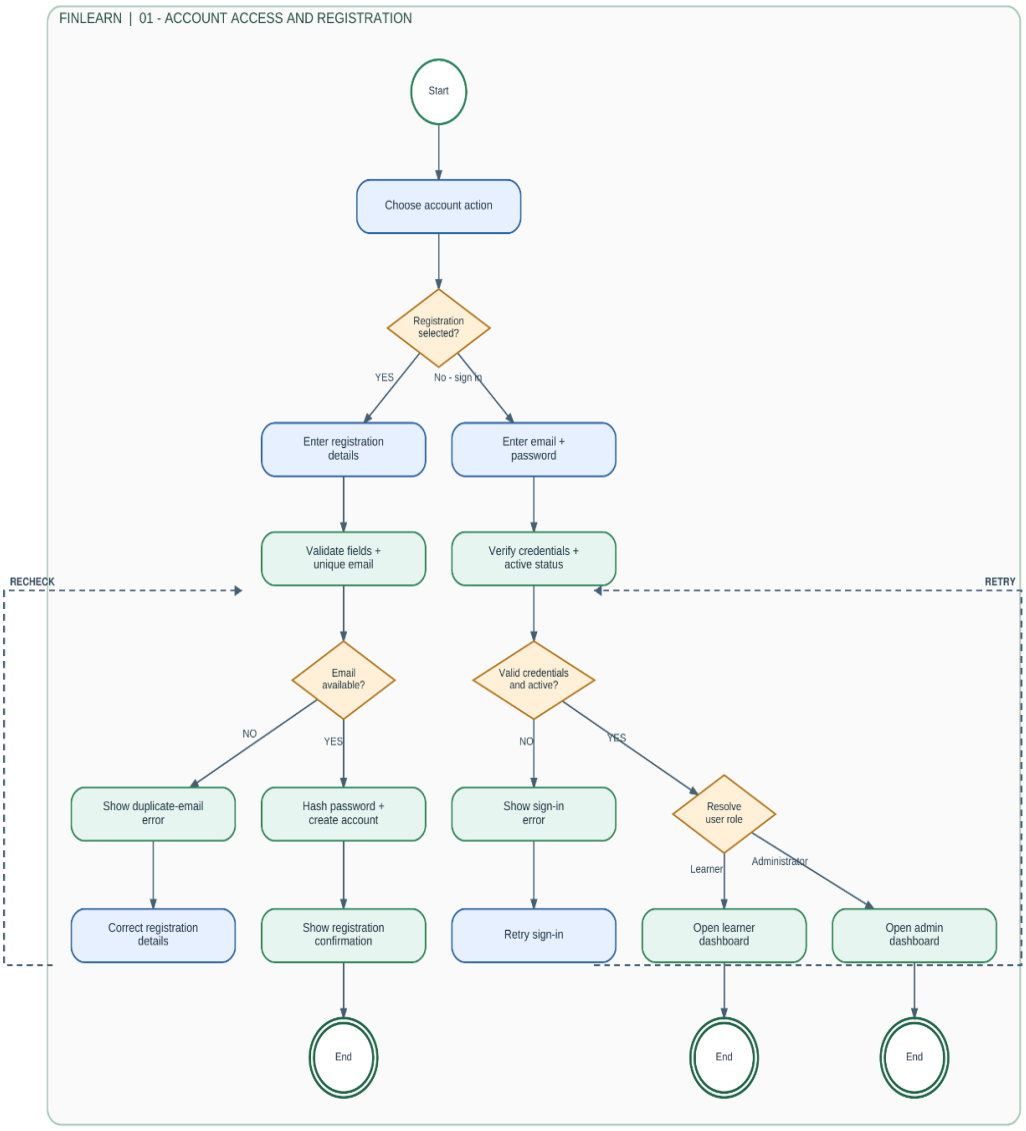

Systems and Computer Engineering
National University of Colombia
Bogotá DC October 2026

6. Business Model Processes **3**
7. Architecture Diagram **4**

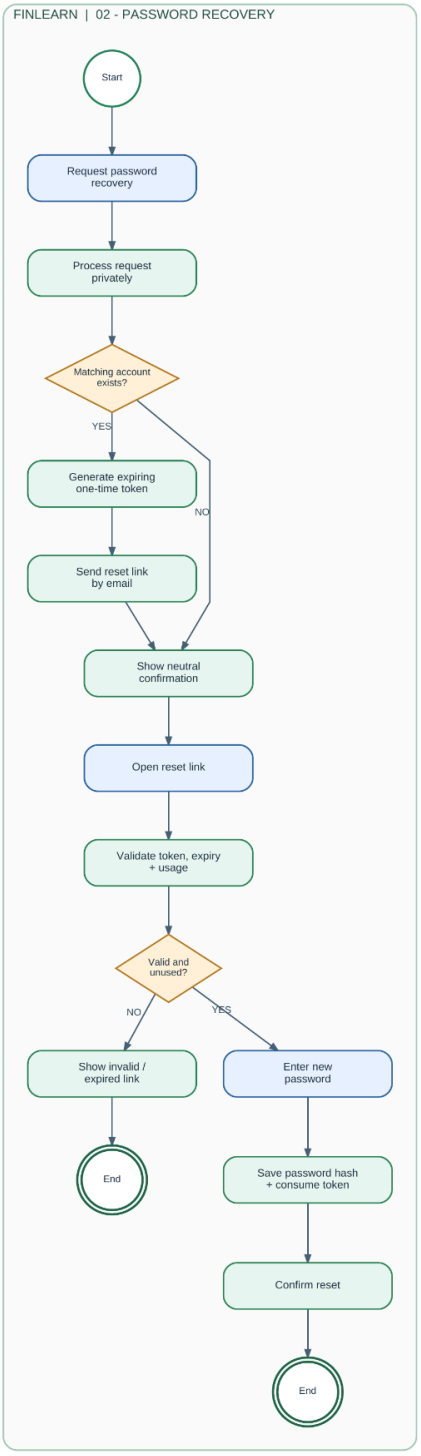

6. Business Model Processes

- Document at least one core business process using an activity diagram or BPMN.
- Describe the process and its role in your application.
- Reference: https://www.visual-paradigm.com/guide/bpmn/what-is-bpmn/

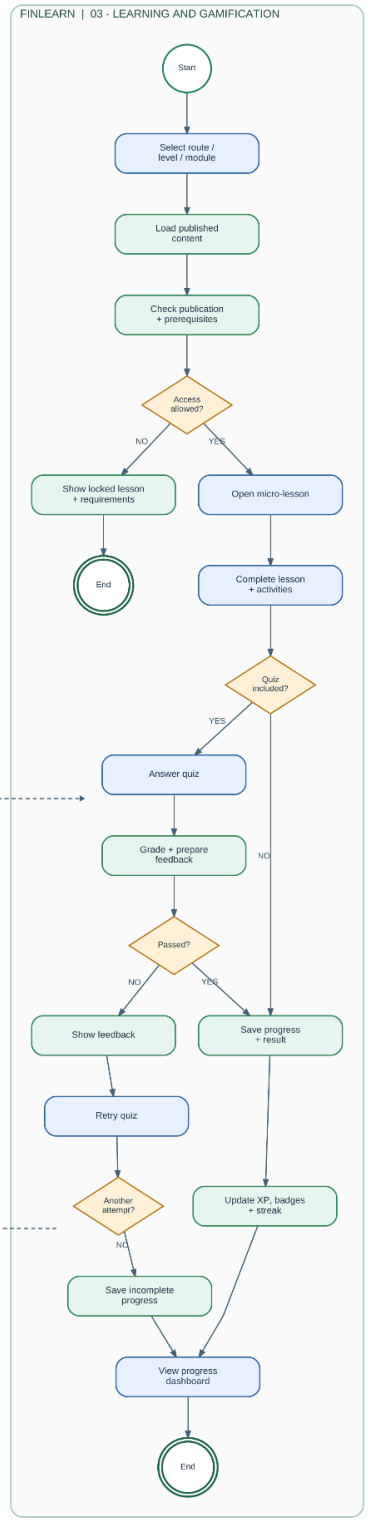

Account access and registration:

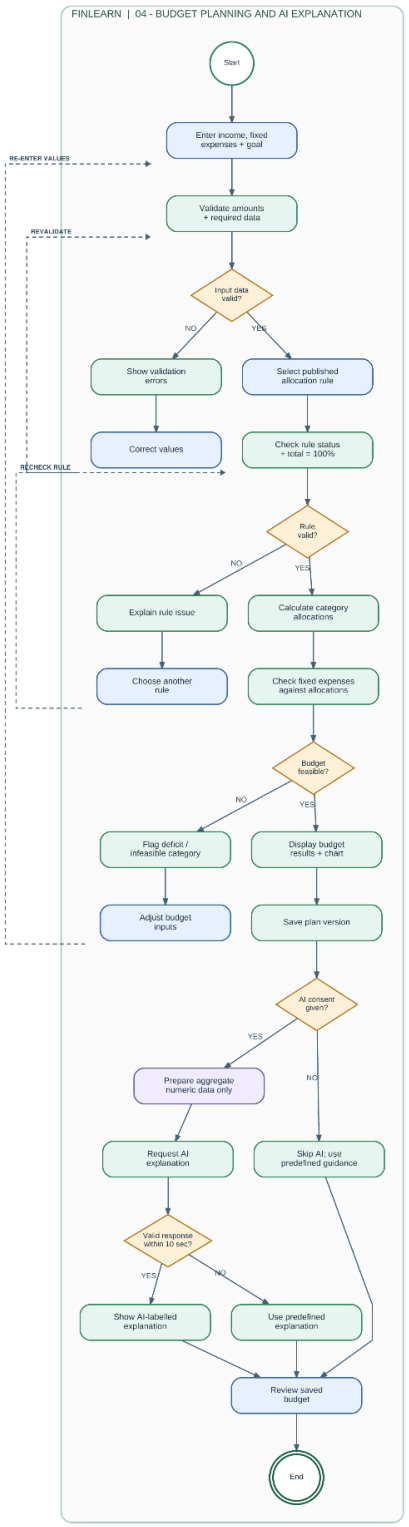

- **Password Recovery:**

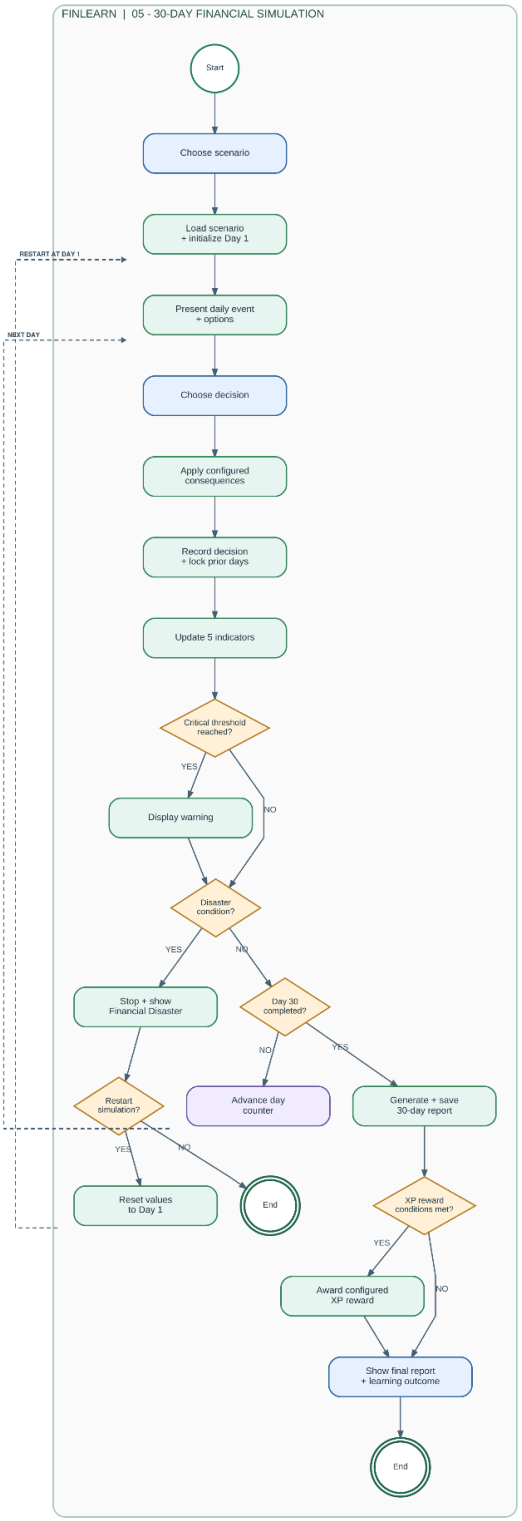

- **Learning and Gamification**

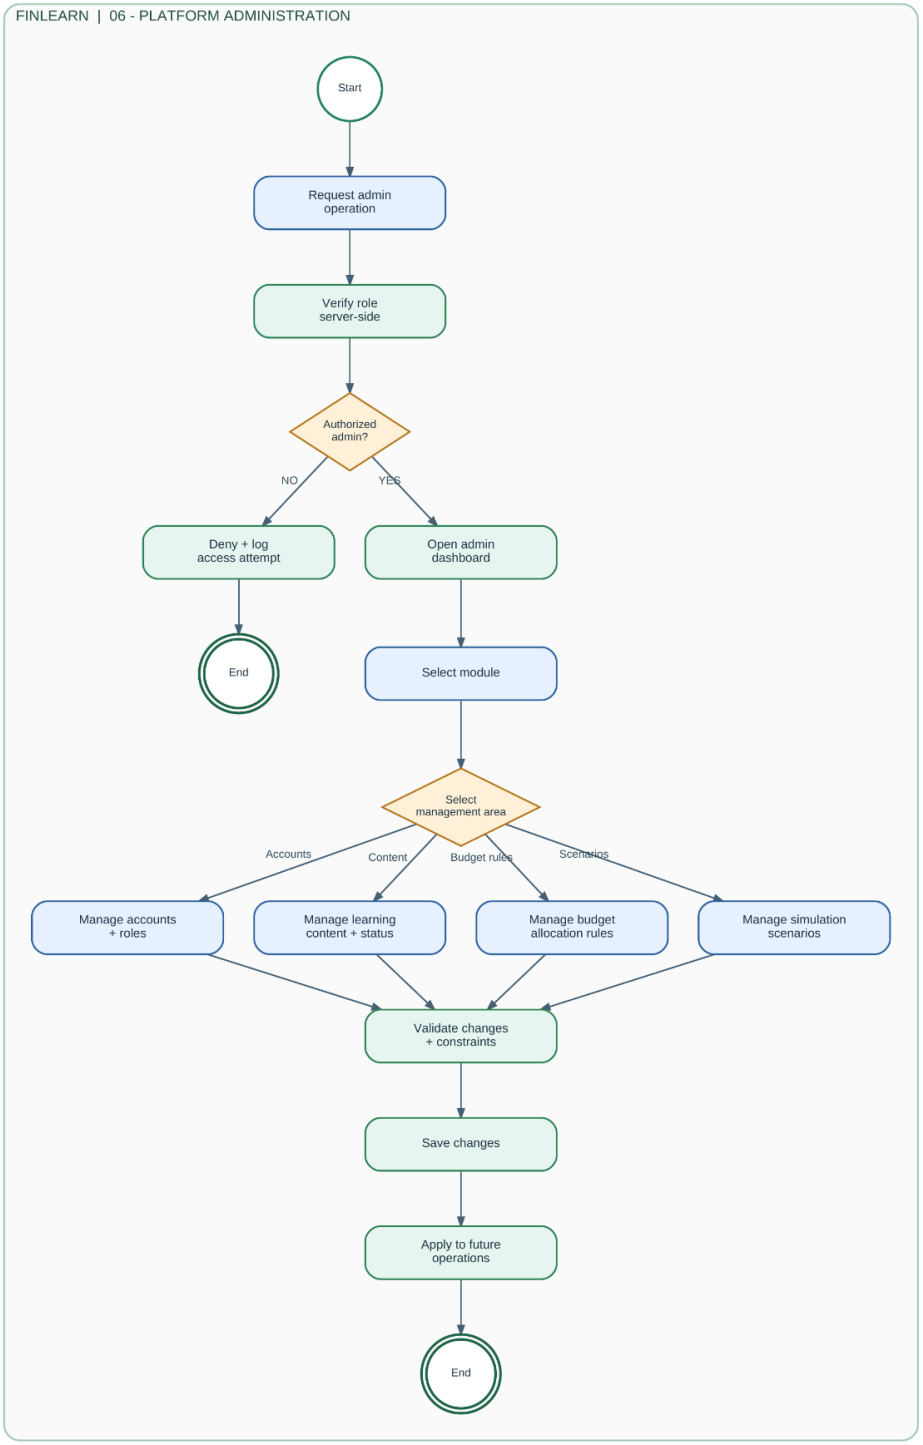

- **Budget planning and AI explanation:**

- **30-day financial simulation:**

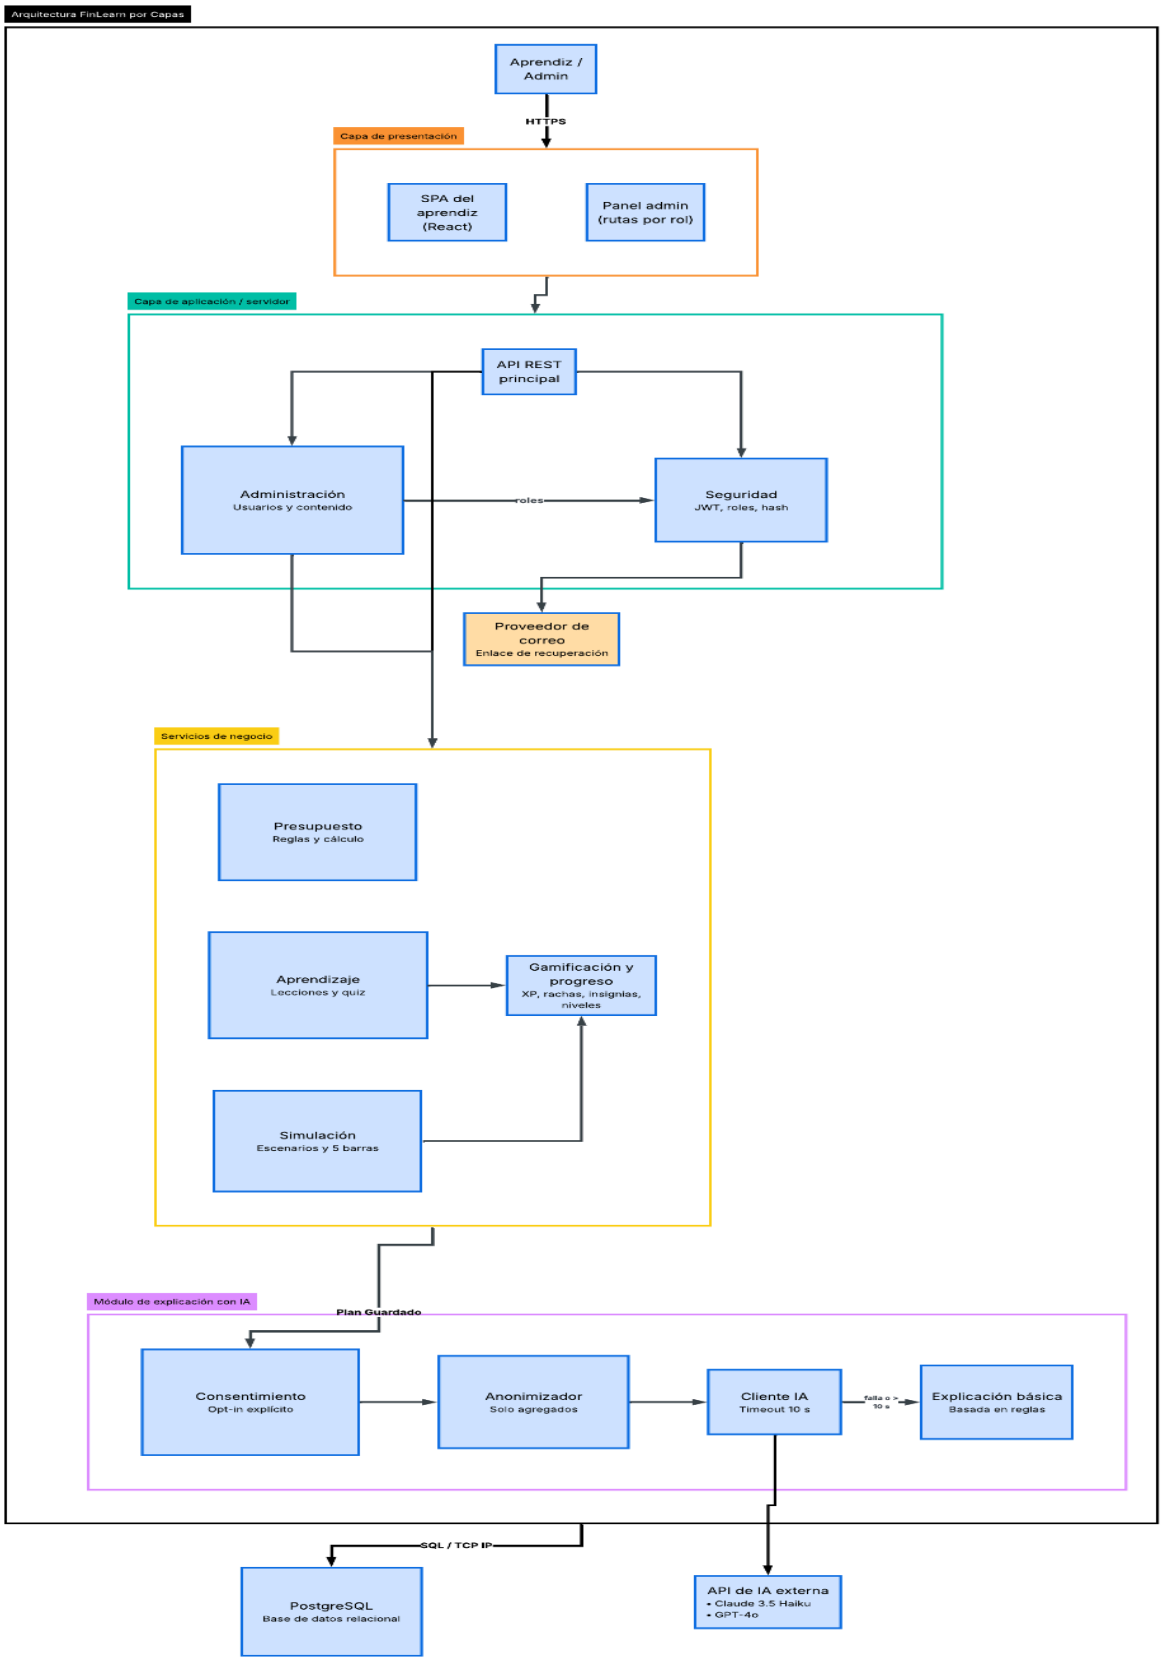

- **Platform Administration:**

7. Architecture Diagram

• Draw a software architecture diagram showing system components and their interactions.

• Indicate technologies, layers, and communication flows.
